

# Activating Smartmusic Instructions

1. Click on the smart music link that has been sent to your student email account. It will look like this:

We are going to use SmartMusic for the class **RIS Beginner Flute Class!** SmartMusic is an online practice and assessment application with a repertoire library that includes thousands of interactive and digital sheet music titles.

To access the application, click the link below and follow the steps for joining the class and creating your account. For reference, the class code for RIS Beginner Flute Class is NC2H6-WVK4J.

<https://admin.smartmusic.com/join?classCode=NC2H6-WVK4J>

2. Join the class using the class code. It will automatically fill in the code for you.

3. Input your school email address
4. Create a username and password that you will easily remember. We recommend using your first initial, your last name, and your school ID number for your username. For example:  
“Tsala123456”
5. Select your primary instrument. Your primary instrument is what you play in band class. When prompted to select a secondary instrument, ignore the question and click “submit”.
6. Smartmusic will then direct you to another screen and tell you it is sending you an activation email. Ignore this- your band director will accept your enrollment in the class on their own.
7. Once your teacher has approved your enrollment in the class you may now refresh your screen and log in to smart music.
8. After you log in it will bring you to a page that reads “account details”. Here you can edit any personal information that you may need at this time. If there are no edits that need to be made click the home button located in the top left corner of the page. This is

located to the left of “smartmusic” and is where you can find all posted assignments.

The screenshot shows the user interface for the smartmusic account. At the top left, there is a home icon and the text "smartmusic.". To the right of this are two navigation tabs: "Account Details" (which is underlined in purple) and "Subscriptions". Below the navigation is a header area with the text "Account Details". On the left side of this area is a table with two rows. The first row has "First Name" as the label and "Tina" as the value, with a small pencil icon to the right. The second row has "Last Name" as the label and "Sala" as the value, also with a pencil icon. To the right of the table is a profile card. It features a dark grey header, a small cartoon avatar of a person with dark hair, and two horizontal grey bars representing redacted information.

First Name	Tina	
Last Name	Sala
